### BUSINESS SOLUTIONS

NETS designs customer-focused, collaborative, integrated business solutions to enhance each federal agency's mission-critical success. We collaborate with customers to leverage industry best practices to improve business processes and management strategies. Helping our customers succeed is our number one priority! Our business solutions categories are:

- Program/Project Management
- Cloud Planning and Implementation
- Data Center Consolidation and Implementation
- Enterprise Architecture
- Committee Advisory Support
- Tiers 1, 2 and 3 Help Desk Support

### EMERGING TECHNOLOGIES

Using our advanced and current knowledge of emergent technologies, we evaluate each government agency's unique needs and contribute the best solution to meet strategic goals. Our services include:

- Cyber Security
- Intelligence Community Support
- Missions and Operations Support
- Systems Engineering
- Network Architecture, Engineering and Design
- IPv6 SME Consulting
- Innovative SharePoint Solutions

### HEALTHCARE

NETS focuses on providing quality care and improving patient outcomes by supplying rapid-response healthcare professionals for urgent staffing needs to maintain the continuity of care for our customers. These services include:

- Physicians
- Registered Nurses
- Respiratory Therapists
- Certified Nursing Assistants
- Clinical Pharmacists
- Pharmacy Technicians
- Nurse Practitioners
- Licensed Practical Nurses

NETS demonstrates our commitment to quality by maintaining ISO certifications for Quality Management, Information Technology Management, and Information Security Management. Maintaining ISO certifications demonstrates our credibility, efficiency, and commitment to customer satisfaction.
